

#1 IN MULTIPLE MAJOR CITIES

TED A. GREVE & ASSOCIATES P.A. INJURY LAWYERS

The Challenge

Literally hundreds of thousands of dollars sunk into previous SEO providers and web developers yielding minimal if any results. A need to determine what parts of online strategy were worth building from and what additional to create to ensure the online presence met or exceeded current organic growth of firm primary through referrals.

CLIENT

Leading Accident and Workers Compensation Attorney throughout the Southeast wanted to accentuate his already successful practice and online presence with a new conversion-focused website and SEO strategy.

The Solution

Build a new multilingual website and overall web presence with the proper SEO foundation that emphasized the firm's resources, and numerous years of experience successfully bringing results to clients, to new clients who located them solely on the web. Do this in an environment built for conversion so these prospective individuals with legal needs searching the web to find resources became signed clients!
